

Spin-based computing and signal processing

Politecnico di Milano
June 28th, 2024
Satellite event of ICM 2024

Topics

- Boolean magnetic logic
- Unconventional computing with spin and orbital currents
- Neuromorphic computing based on spin systems
- Spin-wave computing and signal processing
- Quantum Computing with spins

Organizing committee

E. Albisetti, R. Bertacco, M. Cantoni,
F. Maspero, D. Petti, C. Rinaldi
